Implementing the Sustainable Development Goals
What Role for Social and Solidarity Economy?

About this Conference
This event is part of a series of conferences resulting from the Call for Papers “Implementing the Sustainable Development Goals: What Role for Social and Solidarity Economy?” which was launched by the United Nations Inter-Agency Task Force on Social and Solidarity Economy (UNTFSSE) in 2018 and organized by UNRISD. With the Call for Papers, the UNTFSSE aimed to identify and mobilize research from different regions and territories which, by critically examining the role of SSE, can contribute to the Task Force’s efforts to scale up and promote SSE as means of implementation of the SDGs.

The primary working language of the conference will be English (ENG). Simultaneous interpretation (English (ENG), French (FR), Spanish (SP)) will be available for the plenary sessions, and for selected parallel sessions. For interventions or sessions in Korean (KOR), interpretation into English (ENG) will be provided.

The Government of the Republic of Korea (represented by Statistics Korea) and the ILO have provided support for this Conference. The Call for Papers was carried out with the support of seed funding from the Ministry of Labour, Employment, Social Economy and Economic Solidarity of Luxembourg, in addition to UNRISD institutional funds.
